(54) Title: ION BEAM METHOD FOR REMOVING AN ORGANIC LIGHT EMITTING MATERIAL

**WO 2004/088764 A3**

(57) Abstract: A method of removing an organic, preferably polymeric, light-emitting material (4) from defined areas of a substrate (1) comprises the steps of arranging a shadow mask (5) to overlie the organic material other than in the defined areas, and applying a beam of ions (7) to the defined areas through the mask. The method is useful in forming organic light-emitting diode arrays.
